Corps proposes to reissue and modify Regional Permit 27

WALLA WALLA, Wash. – The U.S. Army Corps of Engineers proposes to reissue and modify Regional Permit 27 to authorize certain work in Lake Pend Oreille and Pend Oreille River, in Bonner and Kootenai Counties, Idaho. The public notice regarding the permit application listed here was issued March 3.

Comments on this proposal must be submitted on or before April 2. The proposed regional permit is attached to this notice, and also available on our website at www.nww.usace.army.mil/html/offices/op/rf/pn/RP-27.pdf.

The Corps of Engineers is soliciting comments from the public, federal, state and local agencies, Native American tribes and other interested parties on this proposal.

The Corps issues or denies permits for the discharge of dredged or fill material into waters of the United States under authority of Section 404 of the Clean Water Act and for work in or affecting navigable waters of the U.S. under Section 10 of the Rivers and Harbors Act of 1899.

For more information on any public notice under consideration by the U.S. Army Corps of Engineers, please visit the Current Public Notices section on the Walla Walla District's website at www.nww.usace.army.mil/html/offices/op/rf/rfhome.htm.
